

Carleton University

- ▲ Specify subject of major interest on the application. Applicants who wish to add a second major must contact Carleton University Admissions Services at admissions@carleton.ca.
- Indicates that the program is available through both a regular (non-co-op) or co-operative system of study.

Azrieli School of Architecture and Urbanism – B. Architectural Studies (BAS)

CR Architectural Studies ■

Faculty of Arts & Social Sciences/

Faculty of Public Affairs – B. Arts (BA)

CH BA Honours (four-year program) ▲ African Studies (must be combined with another major); Anthropology ■; Applied Economics ■; Applied Economics (with a concentration in Development, Financial Economics, or International Political Economy) ■; Applied Economics (with a concentration in Natural Resources, Environment & Economy); Applied Linguistics & Discourse Studies; Art History; Biology; Canadian Studies (must be combined with another major); Cognitive Science (with a specialization in Biological Foundations of Cognition) ■; Cognitive Science (with a specialization in Foundations of Cognition & Psychology) ■; Cognitive Science (with a specialization in Cognition & Computation) ■; Cognitive Science (with a specialization in Language & Linguistics) ■; Cognitive Science (with a specialization in Philosophical & Conceptual Issues) ■; Communication Studies ■; Criminology & Criminal Justice (with a concentration in Law, in Psychology, or in Sociology); Economics ■; Economics (with a concentration in Financial Economics, or International Political Economy, or Development) ■; Economics (with a concentration in Natural Resources, Environment & Economy) ■; Economics (with a specialization in Quantitative and Mathematical Economics) ■; English; Environmental Studies; European & Russian Studies; Film Studies; French ■; French Interdisciplinary Studies; Geography; Geography (with a concentration in Physical Geography); Geomatics; Global Politics; Greek & Roman Studies; History ■; History (with a concentration in International History) ■; History & Theory of Architecture; Human Rights; Law ■; Law (with a concentration in Business Law, Law Policy & Government, or Transnational Law & Human

Rights) ■; Linguistics; Music; Philosophy; Philosophy (with a specialization in Philosophy, Ethics & Public Affairs); Political Science ■; Political Science (with a concentration in Canadian Politics) ■; Political Science (with a concentration in Comparative Politics & Area Studies – Global North) ■; Political Science (with a concentration in Comparative Politics & Area Studies – Global South) ■; Political Science (with a concentration in Gender & Politics) ■; Political Science (with a concentration in International Relations) ■; Political Science (with a concentration in Political Theory) ■; Political Science (with a concentration in Public Affairs & Policy Analysis) ■; Political Science (with a concentration in North American Politics) ■; Psychology; Religion; Sociology ■; Women's and Gender Studies (must be combined with another major)

CA BA General (three-year program) ▲ Anthropology; Applied Linguistics & Discourse Studies; Art History; Biology; Canadian Studies; Economics; English; Environmental Studies; Film Studies; French; Geography; Greek & Roman Studies; History; History & Theory of Architecture; Human Rights; Law; Linguistics; Music; Philosophy; Political Science; Political Science (with a concentration in Canadian Politics); Political Science (with a concentration in Comparative Politics & Area Studies – Global North); Political Science (with a concentration in Comparative Politics & Area Studies – Global South); Political Science (with a concentration in Gender & Politics); Political Science (with a concentration in International Relations); Political Science (with a concentration in North American Politics); Political Science (with a concentration in Political Theory); Political Science (with a concentration in Public Affairs & Policy Analysis); Psychology; Religion; Sociology; Women's & Gender Studies

Sprott School of Business – B. Commerce (BCom)

CC Commerce ■
CCC Commerce: Accounting ■
CCE Commerce: Concentration in Entrepreneurship ■
CCF Commerce: Finance ■
CCJ Commerce: Information Systems ■
CCA Commerce: International Business ■
CCH Commerce: Managing People & Organizations ■
CCM Commerce: Marketing ■
CCS Commerce: Supply Chain Management ■

Sprott School of Business – B. International Business (BIB)

A year of study abroad is required.

- CBB International Business
- CIF International Business: International Investment, Finance & Banking
- CIT International Business: International Marketing & Trade
- CIS International Business: Strategic Management & International Human Resources

School of Computer Science – B. Computer Science (BCS)

- COH Computer Science Honours: Biomedical Computing ■
- COV Computer Science Honours: Computer Game Development ■
- COS Computer Science Honours: Computer & Internet Security ■
- COL Computer Science Honours: Computer Science: Law ■
- CON Computer Science Major ■
- COB Computer Science Honours: Management & Business Systems ■
- CMS Computer Science Honours: Mobile Computing ■
- COG Computer Science Honours: Network Computing ■
- COP Computer Science Honours: Psychology ■
- COD Computer Science Honours: Software & Computing ■
- COF Computer Science Honours: Software Engineering ■

Faculty of Engineering – B. Engineering (BEng)

- CEA Aerospace Engineering ■
- CEX Architectural Conservation & Sustainability ■
- CEB Civil Engineering ■
- CEH Communications Engineering ■
- CEC Computer Systems Engineering ■
- CEF Electrical Engineering ■
- CEE Environmental Engineering ■
- CEK Sustainable & Renewable Energy ■
- CED Mechanical Engineering ■
- CEP Engineering Physics ■
- CES Software Engineering ■
- CEG Biomedical & Electrical Engineering ■
- CEJ Biomedical & Mechanical Engineering ■

College of the Humanities – B. Humanities (BHum)

Students must select one of the streams below.

- CBC Option A – Bachelor of Humanities
- CBD Option B – Bachelor of Humanities with Biology

School of Industrial Design – B. Industrial Design (BID)

- CD Industrial Design ■

School of Information Technology (BIT)

Programs offered jointly with Algonquin College

- CIM Bachelor of Information Technology: Interactive Multimedia & Design ■
- CIN Bachelor of Information Technology: Network Technology ■

School of Journalism and Communications –

B. Journalism (BJ)

- CJ Journalism

School of Mathematics and Statistics –

B. Mathematics (BMath)

- CMA Mathematics Honours (four-year program) ▲
Biostatistics; Computational & Applied Mathematics & Statistics ■; Computer Science & Mathematics (with a concentration in Computing Theory & Numerical Methods) ■; Computer Science & Mathematics (with a concentration in Statistics & Computing) ■; Mathematics ■; Mathematics & Economics ■; Mathematics & Statistics ■; Mathematics/MSc (Mathematics); Mathematics with a specialization in Stochastics ■; Statistics ■; Statistics/MSc (Mathematics)
- CMB Mathematics General (three-year program) ▲
Computer Mathematics; Mathematics; Statistics

School for Studies in Art and Culture –

B. Music (BMus)

- CM Music

Arthur Kroeger College of Public Affairs –

B. Public Affairs and Policy Management (BPAPM)

- CPT Communication & Information Technology Policy ■
- CDS Development Studies ■
- CPB Human Rights ■
- CPI International Studies ■
- CPX Public Affairs & Policy Management ■
- CPA Public Policy & Administration ■
- CPS Social Policy ■
- CPR Strategic Public Opinion & Policy Analysis ■

Faculty of Science – B. Science (BSc)

- CT Science Honours (four-year program) ▲ Applied Physics ■; Biochemistry ■; Biochemistry & Biotechnology ■; Bioinformatics ■; Biology ■; Biology & Physical Geography; Biology & Biotechnology ■; Biology & Earth Sciences ■; Biology & Ecology, Evolution & Behaviour ■; Biology & Health Sciences ■; Biology – Molecular & Cellular ■; Biology & Physiology ■; Chemistry ■; Chemistry & Computer Science ■; Chemistry & Earth

Sciences ■; Chemistry & Physics ■; Chemistry (with a concentration in Nanotechnology); Computational Biochemistry ■; Computational Biochemistry ■; Computational Biology ■; Earth Sciences ■; Earth Sciences (with a concentration in Vertebrate Paleontology & Paleoecology) ■; Earth Science (with a concentration in Resource Economics); Earth Science & Physical Geography ■; Earth Sciences & Physical Geography (with a concentration in Terrain Science) ■; Environmental Science ■; Environmental Science (with a concentration in Earth Sciences ■, in Chemistry ■, or in Biology ■); Food Science & Nutrition; Geography (with a concentration in Geomatics or in Physical Geography); Integrated Science; Integrated Science (with a concentration in Arts); Integrated Science (with a concentration in Education); Integrated Science (with a concentration in Forensic Science); Integrated Science (with a concentration in Information Science); Integrated Science (with a concentration in Information Technology); Integrated Science (with a concentration in Life & Health Science); Integrated Science (with a concentration in Science & Ethics); Integrated Science (with a concentration in Science & Policy); Integrated Science (with a concentration in Science & Technology); Mathematics & Physics ■; Nanoscience; Neuroscience ■; Physics – Experimental ■; Physics – Theory ■; Physics & Biology; Psychology

CS Science General (three-year program) ▲
 Biology; Chemistry; Earth Sciences; Integrated Science; Integrated Science (with a concentration in Arts); Integrated Science (with a concentration in Education) Integrated Science (with a concentration in Forensic Science); Integrated Science (with a concentration in Information Science); Integrated Science (with a concentration in Information Technology); Integrated Science (with a concentration in Life & Health Science); Integrated Science (with a concentration in Science & Ethics); Integrated Science (with a concentration in Science & Policy); Integrated Science (with a concentration in Science & Technology);

CK Science Major (four-year program) ▲
 Biochemistry; Biology; Earth Science; Environmental Science; Physics

Deadlines for Application and Additional Admission Documentation or Supplementary Information

The application deadline is June 1 (exceptions are listed below). The deadline for January (winter) admission is November 15. Applicants are encouraged to submit their portfolio or additional information as early as February. Please contact the Undergraduate Recruitment Office for further details.

Program (Fall–September)	Applications	Documents/Supplementary Information
B. Architectural Studies	February 1	April 1: Portfolio
B. Social Work	February 1	March 1: Supplementary Application
B. Humanities	March 1	March 1: Portfolio
B. Music	March 1	March 1: Must schedule an audition
B. Industrial Design	March 1	April 1: Portfolio required and an information session recommended
B. Journalism	March 1	
B. Information Technology, Interactive Multimedia & Design	March 1	March 1: Portfolio

Applications may be received after these deadlines with no guarantee that they will be processed in time for the session requested.

Semester Entry Points

Full-time and part-time entry are available in September and January. Not all programs are available in January.

Scholarships

At Carleton University, we reward academic excellence and recognize financial need with generous scholarship and bursary programs. If you are entering Carleton with a secondary school average of 80 percent or better, you will automatically be considered for one of our entrance scholarships. An application will only be required if you wish to be considered for one of our 24 Prestige Entrance Scholarships. All entrance and Prestige scholarships are renewable with "A-" standing and may be renewed each year that you are a full-time student at Carleton.

School of Social Work –
B. Social Work (BSW Honours)
 CSW Social Work

A Carleton University Entrance Bursary, granted on the basis of financial need, will provide you with additional funds to help you meet the direct education costs of your first-year studies. To be considered for an Entrance Bursary, students may apply online by visiting the Awards Office website. For more information about our scholarships and bursary programs, government student loans and our work-study program, please visit the Awards Office website at www.carleton.ca/awards/ or contact us at 613-520-3600.

Residence Accommodation

3,523 residence spaces are available, 71 percent of which are reserved for first-year students. Eleven residence buildings offer co-educational living, with a limited number of single-gender space (as demand dictates). The residence fee includes a room, phone, internet service and a meal plan that may include up to 19 meals per week (with choice of breakfast, lunch, dinner or brunch on weekends) in the residence cafeteria, or a combination of meals and cash credits that permit meal purchases in other university food outlets.

Current Ontario secondary school students who have been admitted to first-year studies by May 29, 2012, will receive an offer of residence that must be returned by June 7, 2012. The remaining rooms are allocated by lottery on June 11, 2012, to students who indicated an interest on the OUAC application and have applied for residence. Upon acceptance of a room offer, a deposit is required.

Disability Services

Carleton University provides individualized academic accommodations and support services for students with disabilities through the Paul Menton Centre for Students with Disabilities (PMC). All main buildings on campus are connected by a common tunnel system that facilitates ease of travel during the winter months. Accessible rooms and a 24-hour Attendant Services program are available in residence for students with physical disabilities. Extended services for students with documented learning disabilities are available. All qualified students with disabilities who provide proper documentation from a health care professional will be accommodated. Please contact us at 613-520-6608 (voice), or 613-520-3937 (TTY), or pmc@carleton.ca and/or visit our website at www.carleton.ca/pmc/ for more information.

Additional Program Information

Programs that are available through both a regular (non-co-op) and co-operative education system are identified above in the university programs and codes by a square symbol (■).

Students apply to Directed Interdisciplinary Studies after first year. Students interested in the BA in Child Studies must have a diploma in Early Childhood Education in order to be considered for admission.

English Language Requirements

Students can prove their language proficiency in a number of ways. They can either demonstrate that they have completed their last three years of full-time secondary or postsecondary study in a country where the primary language is English, and in a school where the language of instruction is exclusively English (e.g., in a British, American or Australian curriculum or the International Baccalaureate), or they can submit one of the English language test scores outlined below.

Students who cannot demonstrate three full-time years in an English language school as outlined above must submit a language test result.

Minimum TOEFL Score: 580 PBT; 86 iBT with a minimum of 22 on Speaking and Writing, and 20 on Listening and Reading

Minimum IELTS Score: 6.5 with no band below 6

Minimum CAEL Score: 70

Minimum MELAB Score: 85 overall with no section below 80

Applicants whose language test scores fall below these listed cut-offs may still be eligible for admission with Carleton's Foundation program. The Foundation program allows students to earn academic credits while completing English requirements for full-time study and it is composed of up to three courses that are geared toward helping students develop their English language skills. Students who successfully complete the Foundation program will be eligible to begin full-time degree studies.
