Applicant's User ID or Reference Number: _____

- Please list the courses you believe to be equivalent to the Physical Therapy program prerequisites, and attach course descriptions. In general, only arts and science courses and their equivalents, and not professional courses, are considered to be prerequisite equivalents. If there is a problem with the courses that you consider to be prerequisites, you will be contacted after your application is assessed. Please note that courses must have been completed within the last seven years, or no earlier than September 2005 and no later than May 31, 2012.
- To verify human/vertebrate physiology and statistics/research methods courses, visit www.physicaltherapy.utoronto.ca/prospect/prereq.htm, where you can match courses from these categories to courses approved by the Department of Physical Therapy.
- You are required to submit detailed course descriptions, from the university calendar, for each course you propose will fulfill an academic prerequisite. Course descriptions must clearly demonstrate all required content. Course descriptions should be copied from the online university calendar and pasted into a new document. Be sure to include a link to the online calendar entry for each course. Mail the document in with the Prerequisite Form. Please send only one copy, and ORPAS will forward it to your university/program choice(s). **Note:** The course descriptions should not exceed three pages. Applicants who cannot provide a link to the online course description must send a print-out from the official university calendar.

* Information should be written as it appears in your transcript. Note that ORPAS cannot provide advice concerning the prerequisite requirements. Please contact the university directly for more information.
